8,000 DEAD yet... EARNING!

- In Mysuru District, 13,000 Gruha Lakshmi Scheme beneficiaries are ineligible and among them, 8,000 are dead
- 5,000 women were earning in lakhs and paying GST
- Govt. recovers Rs. 60 lakh from dead beneficiaries' accounts

By Bapu Lingaraj Urs

Mysuru, June 12- In a startling revelation, a total of 13,000 beneficiaries among the 6.99 lakh (6,99,666) beneficiaries of the State Government's ambitious 'Gruha Lakshmi' scheme in Mysuru district are ineligible.

Moreover, 8,000 beneficiaries among them have died, yet they continued to be listed as earning members of the beneficiary families, resulting in a loss of crores of rupees to the State exchequer.

The Congress Government, which came to power in May 2023 on the back of its five guarantees, including the 'Gruha Lakshmi' scheme, officially launched the scheme across the State from Mysuru in August 2023 by organising a mega convention at Maharaja's College Ground.

Under the scheme, women in every household are eligible for a monthly financial assistance of Rs. 2,000. Beneficiaries were enrolled under the scheme by linking their names with ration cards, Aadhaar cards and bank accounts to ensure that only genuine beneficiaries received the benefit.

Accordingly, in Mysuru district alone, 6,99,666 beneficiaries had enrolled under the scheme, and the State Government was providing over Rs. 134 crore annually to pay them. The amount of Rs. 2,000 was credited to the bank accounts of beneficiaries through the Direct Benefit Transfer (DBT) method, and Rs. 402 crore had been credited over three years.

EDITOR'S BOTTOMLINE

RAMA, KRISHNA CONNECTION: ***Sita-Raman is a common term, but Gita-Raman is a unique term that explains that the connection between Lord Rama and Lord Krishna is the same divine entity in different incarnations, said Akkar-akkani Srinidhi in a discourse. Gita means which is sung by Lord Krishna himself. That is why it is called the Bhagavad Gita. The principles Rama lived by are the same ones Krishna preached in the Gita. The selfless love of the people of Ayodhya is highlighted through the supreme beings they loved. The citizens visited various temples for the well-being of their beloved Rama. The epics describe how Rama ruled Ayodhya, with people living in peace and without suffering and with justice. That is why his rule came to be praised as "Ramrajya." Since he did not compromise on dharma anywhere, he is called Uttama Rama. People call Rama*** *"Mariyada Purushottam"* ***since he adhered to dharma and sastra. Krishna is*** *"Leela Purushottam"* ***because of his playful way of imparting dharma.***

Both the Ramayana and the Mahabharata explain what is permanent and impermanent. Rama demonstrated how one should live in one's life, while the Bhagavad Gita explains and enlightens these principles. In life, we face many challenges every day and solutions can be found through Rama's way of living and through the Gita. The Gita teaches us to remain strong and composed like Rama during hardships. Lord Krishna summarises the teaching of the Bhagavad Gita in the last *adhyaya* ***(chapter) through the verse*** *"Sarvadharman parityajya,"* ***whoever approaches Him with complete surrender wholeheartedly will always be protected by Him in every situation.*** *—In The Hindu*

NEWS SPARKLERS

Half-red, half-yellow apple draws crowds

Auckland: Curious visitors are flocking a fruit store in New Zealand to look at the rare chimera apple that is half red and half yellow.

The apple, with colours split almost perfectly down the middle, was found in a mid-May delivery of Red Braeburn apples at the Sunshine Corner Market in the Christchurch suburb of Mairehau.

The store's owner, Heather, said the apple has become something of a local celebrity. Heather said the bi-coloured apple is the first-of-its-kind that she's ever seen.

She said some customers have even asked to touch the apple for luck before entering contests.

Grandma stuns internet with her looks

Beijing: A 74-year-old woman with over 2 million followers on social media, recently went viral for her ageless looks and fashion style.

Shanghai-based Yingzi originally gained popularity online by uploading videos of herself dancing in high heels on the street or striking various poses, but she recently became a social media phenomenon thanks to her youthful appearance and fashion style, confident attitude and positive vibes.

The mother of a 45-year-old son obviously makes the secret to her incredible looks sound much simpler than it is. In reality, she has a very disciplined lifestyle.

She never eats after 5 pm, favours soups, green vegetables, and protein-rich foods before carbohydrates, and starts every day with an hour of yoga.

"Age is not a barrier but an asset, I want to live beautifully until I am 120 years old," Yingzi recently said.

VOICE OF THE READER

Re-asphalt Jalapuri Quarters Road

Sir,

I wish to draw the attention of the authorities of the Mysuru City Corporation (MCC) to the pathetic condition of the road passing through Jalapuri Quarters, stretching from the SP Office Circle to Mahadevapura Main Road.

This is an important connecting road used daily by hundreds of commuters. Jalapuri is also home to dozens of Police personnel serving the city, making it all the more unfortunate that the road has remained in a state of neglect for several years.

To the best of my knowledge, the road has not undergone any major repair or resurfacing work in the last five to six years. It is riddled with large potholes and craters, making travel extremely difficult and unsafe. Adding to the problem, the road has been dug up at several places for reasons known only to the civic authorities, further worsening its condition.

A single ride on this stretch is enough to damage vehicles and cause discomfort to commuters. The road is also used by Route No. 161 buses and serves a government school located along the stretch, making its upkeep all the more essential.

While the MCC has taken up repair and asphalting works on several surrounding roads, this important stretch continues to be overlooked.

With the monsoon approaching, the potholes are likely to fill with stagnant water, creating ideal breeding grounds for mosquitoes and posing additional health risks.

16 Kar Bn NCC, Mysuru hosts CATC/ TSC-I Camp

Mysuru, June 12- The 16 Karnataka Battalion NCC, Mysuru, conducted its first camp after expansion from June 1 to 10 at the Police Training School, Mysuru. The camp comprised the Combined Annual Training Camp (CATC) and Thal Sainik Camp-I (TSC-I) of Mysuru Group NCC.

The camp provided Cadets with valuable exposure to military life, leadership, discipline, teamwork and personality development. A total of 549 Cadets from 18 schools and 5 colleges across Mysuru city and district participated in the camp.

On June 8, a Wellness Training Programme was conducted for Cadets by Vinattaa Rao, Founder of AKAR, Transformational Coach and Empowerment Facilitator. The session focused on mental well-being, self-awareness, emotional resilience and personal empowerment. Rao introduced the Cadets to practical tools such as visualisation techniques, positive affirmations and mindfulness-based exercises.

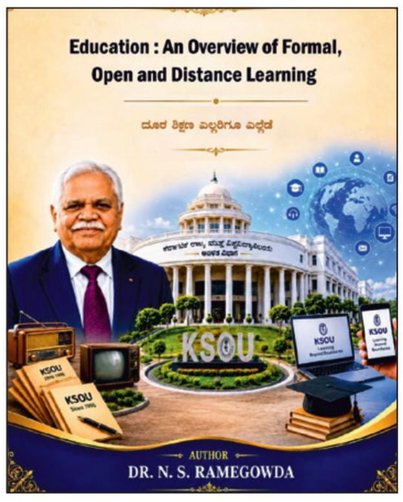
The training session complemented NCC's mission of holistic youth development by helping the cadets build mental strength, physical fitness and leadership capabilities.

Col. Vivek Savangouder, Commanding Officer and Col. Shivraj More, Administrative Officer of 16 Kar Bn NCC, Mysuru, were present. ANO Rekha D. Rao welcomed and proposed the vote of thanks.

Group Commander NCC Mysuru, Col. Rohit Thakur, visited the camp and appreciated the active participation of Cadets.

The programme was well-received by Cadets and served as a valuable addition to the camp's overall objective of nurturing confident, disciplined and socially responsible young leaders.

CM to release book on June 20



Mysuru, June 12- Chief Minister D.K. Shivakumar (DKS) will release the book titled *'Education: An Overview of Formal, Open and Distance Learning,'* authored by Dr. N.S. Ramegowda, former Vice-Chancellor, Karnataka State Open University (KSOU), at a programme to be held at KSOU Convocation Hall in city on June 20 at 11 am.

DKS

The event is organised under the aegis of KSOU's Dean Academic Section and Centre for Internal Quality Assurance.

Dr. Sri Nirmalanandanatha Swamiji of Adichunchanagiri Mutt and Swami Muktidanandaji of Sri Ramakrishna Ashram will grace the occasion.

Former KSOU Dean Prof. Chambi Puranik will speak about the book. Former KSOU and University of Mysore VC Prof. K.S. Rangappa will be the guest of honour. KSOU VC Prof. Sharanappa V. Halse will preside.

A colloquium on 'From Access to Excellence - The Future Pathways of Distance Education' will also be held on the occasion.

Pulse Polio campaign on June 28

Mysuru, June 12- The Health and Family Welfare Department will launch National Pulse Polio campaign in district on June 28.

All children aged between 0-5 years will be administered Oral Polio Vaccine (OPV) on June 28 at dedicated Polio Booths set up across the city and district. In the next 2-3 days, health workers will undertake a door-to-door campaign visiting every household and administer OPV drops to all children aged under 5 years. Also, special campaigns will be undertaken at migrant workers dominated places, human habitats in difficult terrains and those living in slums.

The Health Department has appealed the members of the public and parents to get their kids under 5 years administered with OPV.

NEWS BRIEFS

Calling building owners

Minorities Welfare Department has proposed to run 3 Post-Matric student hostels (one for boys and two for girls) in Mysuru in rented buildings, for which it has invited expression of interest from building owners who are willing to rent out their buildings. Each building should have the necessary infrastructure to house 100 inmates, have 24x7 power, water supply, solar system, library room, computer facility, adequate parking space, proper ventilation, enough storage room and other necessary civic amenities. Interested building owners may call Ph: 0821-2422088 or Mob: 91644-68853.

Deadline extended

The Nanjangud CMC has extended the deadline for submission of online application forms for getting housing facility under Pradhan Mantri Awas (Urban) -2.0 scheme, to June 30. Eligible shelter-less beneficiaries living in Nanjangud CMC limits can apply along with all necessary documents.

Art of Living

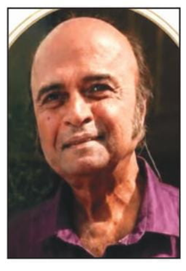
Sri Ravishankar Guruji's Art of Living has organised 'Naadi Pariksha' (Pulse Diagnosis) camp on June 14 at Art of Living Ashram on Lalithadripura Road. For details, contact Mob: 98861-86580, according to a press release.

Ph.D awardee

P. Mahesha has been awarded Ph.D in Economics by the University of Mysore (UoM), Mysuru, for his thesis 'An Analysis of the Performance of Indian Insurance Sector' submitted under the guidance of Dr. M. Mahesha.

Obituary

John Eugene Taylor



Mysuru, June 12- John Eugene Taylor (72), a resident of Gandhinagar, Mysuru, passed away following brief illness in Bengaluru yesterday. He leaves behind his wife, four sons, daughters-in-law, grandchildren and a host of relatives and friends.

Funeral was held at the Catholic Cemetery on Mahadevapura Road in Gandhinagar this afternoon, according to family sources.

Mysuru-Bengaluru RRTS: CM seeks Centre's green signal

Karnataka Chief Minister D.K. Shivakumar met Union Urban Development Minister Manohar Lal Khattar (extreme right) and formally appealed for approval of the Regional Rapid Transit System (RRTS) between Mysuru and Bengaluru. Karnataka's Special Representative in Delhi T.B. Jayachandra is also seen.

Mysuru, June 12 (BLU&BCT)- Karnataka Chief Minister D.K. Shivakumar has urged the Union Government to approve the proposed **Regional Rapid Transit System (RRTS)** between Mysuru and Bengaluru, stating that the project would play a key role in the growth of the State's cultural capital.

During his visit yesterday to New Delhi for high-level meetings, including a NITI Aayog session, Shivakumar met Union Housing and Urban Affairs Minister Manohar Lal Khattar and sought clearance for the Mysuru-Bengaluru RRTS corridor.

He also requested approval for similar RRTS links connecting Bengaluru with Tumakuru, Chikkaballapur and Kolar.

The Chief Minister said the project would require major improvements to the existing railway infrastructure between Mysuru and Bengaluru.

"Mysuru's development must be given priority. An RRTS corridor will require increased track capacity and modernisation of the existing system," he said.

> At present, trains on the Mysuru-Bengaluru route are capable of operating at a maximum speed of 110 kmph. If the RRTS system is introduced, the existing railway infrastructure will have to be upgraded and redesigned to support speeds of up to 180 kmph. Strengthening and modernising the track between the two cities will be essential for the project.
>
> **— Girish Dharmaraj Kalagonda, Divisional Railway Commercial Manager, Mysuru.**

Officials pointed out that the existing railway line would need extensive upgrades, including easing sharp curves and strengthening infrastructure, to support high-speed trains.

The Regional Rapid Transit System is designed for speeds of up to 180 kmph, similar to the operational corridor between Delhi and Meerut.

An upgraded Mysuru-Bengaluru corridor, officials said, would significantly improve connectivity, reduce travel time and support economic growth along the region's fastest-growing urban belt.

DKS meets Modi and Sitharaman, seeks push for Karnataka projects

Chief Minister D.K. Shivakumar presenting an idol of Basavanna to Prime Minister Narendra Modi and a bouquet to Union Finance Minister Nirmala Sitharaman in New Delhi yesterday.

Bengaluru, June 12 (UNI) Chief Minister D.K. Shivakumar (DKS) made a strong pitch for greater Central support to the State's development agenda, holding separate meetings with Prime Minister Narendra Modi and Union Finance Minister Nirmala Sitharaman in New Delhi to press for key infrastructure and irrigation projects.

In his first meeting yesterday with the Prime Minister after assuming office as Chief Minister, Shivakumar discussed Karnataka's development priorities spanning infrastructure, investment, urban mobility, irrigation, innovation and welfare programmes.

Describing the interaction as constructive, he reiterated Karnataka's position as one of the country's leading growth engines and sought closer cooperation between the Centre and the State to accelerate development and attract fresh investments.

"Karnataka has always been a key contributor to India's growth story and I reiterated our commitment to further strengthening that role," Shivakumar said.

He also stressed the need for cooperative federalism to unlock greater opportunities for the State and fulfil the aspirations of its people.

Later, in a crucial meeting with Sitharaman, the Chief Minister submitted a memorandum seeking enhanced Central assistance for capital investment, urban and rural infrastructure, and early approval and funding of major irrigation and water resource projects.

Shivakumar highlighted the Karnataka Government's reforms in fiscal management, digital governance, revenue administration and ease of doing business, saying the State had succeeded in balancing growth with fiscal discipline.

He urged the Centre to extend support for projects that are critical to Karnataka's water security and agricultural economy, particularly the long-pending Mekedatu, Upper Bhadra, Kalasa-Banduri and Upper Krishna projects.

According to the Chief Minister, these projects are essential for ensuring drinking water supply, expanding irrigation coverage, boosting farm productivity and strengthening infrastructure across the State.

The twin meetings come amid Karnataka's push to secure larger Central investments and faster clearances for strategic projects that the State Government believes are vital for sustaining economic growth and meeting the needs of a rapidly expanding population.

"Karnataka will continue to play a leading role in India's growth and our Government remains committed to securing every opportunity that advances the interests of our State and our people," Shivakumar said.

Women's Pro Golf Tour teed-off at JWGC

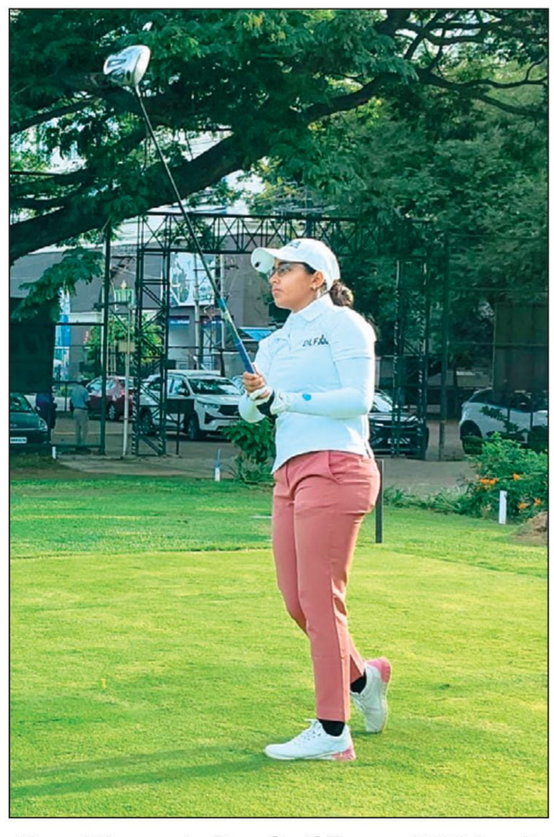
51 amateur golfers from across India participate; 17-year-old Gurugram golfer Riya Jadon takes lead

Mysuru, June 12 (MK&BS)- The three-day 7th leg of Hero Women's Professional Golf Tour (PGT) - 2026 was teed-off at the golf course of Jayachamaraja Wadiyar Golf Club (JWGC) in the city yesterday by Regional Commissioner of Mysuru Division Nitesh Patil.

In his address, Patil termed the day as special for the golf tournament organised in the city.

A total of 51 women golfers will be showcasing their skills.

JWGC President H.S. Arun Kumar said, the JWGC is committed to nurture budding golfers and encourage the game. The Hero Women's Pro Golf Tour is organised by the Club for the first time, in which amateur golfers from different parts of the country are taking part.



Regional Commissioner of Mysuru Nitesh Patil seen teeing-off to formally inaugurate the Hero Women's Pro Golf Tour - 2026 in city yesterday as JWGC President H.S. Arun Kumar, JWGC Captain M.S. Yeshwanth, Hon. Secretary K.S. Sudheer Bhat, Hon. Treasurer D.V. Sridhar, JWGC Tournament Chairman Phalguna V. Urs, Committee Members M.A. Manjunath, Suresh Balaram & M.S. Dinesh Kumar, Tournament Director (IGU) Paramjit Singh, Women's Golf Association of India (WGAI) Chief Operating Officer (COO) Vivek Sharma and WGAI Tour Manager Nishikant Jha look on. Picture right shows Riya Jadon in action on Day-1.

Riya Jadon takes lead

Riya Jadon, who turned professional this season, was the standout performer on the opening day of the Golf Tour.

The teenager, who is barely 17, closed the first day with two birdies to card 3-under 67 and take the pole position. The Gurugram golfer, who trains at the DLF Golf Academy, was one stroke ahead of the experienced Tvesa Malik, a Hero supported golfer who carded 68.

Anvvi Dahhiya and Vidhatri Urs were the only other golfers to come under par with 69 each at the Par-70 layout. Amandeep Drall and Karishma Govind shot even par 70 each.

Riya, who won the IGU Pune Ladies Championship in November 2025, turned pro earlier this season and finished Tied-third at the third leg in Oxford Golf Resort, Pune when Tvesa Malik emerged winner.

Riya opened the day with a birdie before she bogeyed the sixth and birdied the seventh to turn in 1-under. On the back nine she parred the first seven holes and closed birdie-birdie.

City's RBI employee conquers Korea's toughest 1,200-km Brevet

Mysuru, June 12 (KS)- K.S. Siveej, an RBI employee from city, has brought laurels to the country by successfully completing the brutal Seoul-Haenam-Seoul (SHS) 1,200-km brevet in South Korea and earning the prestigious Asian Award — a distinction achieved by only a select few randonneurs worldwide.

Out of nearly 300 registered participants, only about 25 riders successfully completed the Korea LRM series, underlining the extraordinary difficulty of the challenge.

Siveej battled through continuous mountains, minimal sleep, physical exhaustion and adverse conditions to finish the demanding SHS 1,200-km within the official time limit.

Siveej is a Paris-Brest-Paris 2023 finisher, one of the most prestigious events in world randonneuring. In 2024, he completed the gruelling ISAN Thailand 2,000-km ride, followed by the Lambasingi 1,200-km brevet in 2025, consistently demonstrating exceptional resilience and determination in ultra-distance cycling.

Siveej is also a Full Everesting finisher, conquering 8,848 metres of elevation gain in 33 hours — a feat equivalent to climbing Mount Everest in a single ride and considered one of the toughest challenges in endurance cycling.

Beyond cycling, Siveej is a 50-km ultra-runner and together with his family, is recognised in the India Book of Records.

His son, Arjun K. Siveej, holds recognition from the International Book of Records as the youngest ultra-runner. His daughter, Archa, has earned medals in various cycling and running events, while his wife, Shani Siveej, is also an accomplished ultra-runner.

The completion of SHS 1,200-km brevet and the achievement of the prestigious Asian Award stand as a testament to Siveej's unwavering determination, resilience and passion for pushing human limits.

PUBLIC NOTICE

Our client intends to enter into Joint Development Agreement with respect to development of the properties mentioned in the Schedule hereunder with its owner **Smt. Susheela Srinivas**, wife of Sri. D. Srinivas. The Owner represent that she is the absolute owner of the Schedule Property and has good marketable, right, title and interest therein and there are no other person/s having any right or claim over the Schedule Property and that she has not entered into any Agreements/MoU with any third party for sale, lease or development of the Schedule Property and that the Owner has not mortgaged, created any right, interest, lien or encumbered the Schedule Property or any part thereof in any manner to any person/s. Any person/s having any objection/s or claims or claiming or asserting to have any rights, titles, benefits, demands or estate interests in respect of the Schedule Property or to any part thereof of any nature whatsoever and/or any claim whatsoever by way of, under, or in the nature of any sale, exchange, gift, allotment, lease, tenancy, license, assignment, mortgage, lien, charge, or encumbrance of any nature, trust, family arrangement/settlement, inheritance, bequest, easement, possession, maintenance, development rights, order/decree/judgment of any court or any other agreement, understanding or otherwise, howsoever or whatsoever over the Schedule Property or any part thereof and/or having any objection(s) of any manner whatsoever, shall with documentary evidence lodge their objection/s or claims **within Fifteen (15) days** from the date of this Notice with the Undersigned, failing which, it will be presumed that no one has any right, title, claim or interest in the Schedule Property and the claim or objection, if any, has been knowingly waived and thereafter no claims or objections of any sort from any person/s will be entertained and/or taken into consideration and our client shall proceed with the above-mentioned transaction.

SCHEDULE

Item No. 1:

All that piece and parcel of the converted land bearing **Survey No. 310**, **E-Katha No. 152200401027020139**, **Property No. 371** (converted vide Official Memorandum dated 30-05-2009 in No. ALN (1) 282/2007-08 issued by the Deputy Commissioner, Mysore District, Mysore), measuring **03 acres 31 guntas**, situated at **Kalastavadi Village, Kasaba Hobli, Mysore Taluk,** presently within the revenue jurisdiction of the Naganahalli Village Panchayath and is bounded on the:

East by : Road Margin and Road;
West by : Naganahalli Village Boundary and Road;
North by : Property bearing Survey No. 311; and
South by : Naganahalli Village Boundary

Item No. 2 :

All that piece and parcel of the commercially converted land bearing (i) **Survey No. 173**, measuring **1 acre 27 guntas** and (ii) **Survey No. 174/1** measuring **1 acre 5 guntas**, totally measuring **2 acres 32 guntas**, (**11,331 square meters**) E-Katha No. **152200401027020140**, Property No. **372,** both situated at **Naganahalli Village, Kasaba Hobli, Mysore Taluk, Mysore District,** presently within the revenue jurisdiction of the Naganahalli Village Panchayath and is bounded on the:

East by : Daari and Kalasthavadi Village boundary;
West by : Land bearing Survey Nos. 174/2 and 175;
North by : Land bearing Survey Nos. 171, 172 and 174/2; and
South by : Land bearing Survey Nos. 176 and 177.

Fish die in Lingambudhi Lake, residents blame sewage inflow

Forest Department writes 15 letters to MCC, MDA, but no action so far

Mysuru, June 12 (MTY&BCT)- Several dead fish were found floating in the scenic Lingambudhi Lake at Srirampura in city, raising concerns among residents and environmentalists over water contamination.

The incident came to light today when T.L. Srinivas of Srirampura, who had gone for a walk, noticed decaying fish washed ashore along the lake bund.

Fish species such as catla and rohu, which were once commonly found in the lake, were among those found dead. Residents suspect that toxic substances may have entered the lake following rains.

Surrounded by a botanical garden, Lingambudhi Lake is a popular destination for walkers, bird-watchers and nature lovers. The lake attracts several species of birds, including waterfowl, egrets, herons and cuckoos.

Srinivas told *Star of Mysore* that despite warning boards installed near the lake against pollution, there has been little action to prevent contamination. The lake is maintained by Mysuru Division of Forest Department.

Residents said continuous rains over the past few days and overflowing manholes have resulted in drainage water mixing with lake water. They alleged that the increased toxicity has affected the fish population.

15 letters written to MCC, MDA

Sources said the Deputy Conservator of Forests (Territorial), Mysuru Division, has written more than 15 letters over the last decade to the Mysuru City Corporation (MCC) and Mysuru Development Authority (MDA) seeking measures to rejuvenate the lake, including establishment of Sewage Treatment Plants (STPs). However, no concrete action has been taken so far, they said.

Sewage from various stages of Vijayanagar is reportedly flowing into Lingambudhi Lake via Dattagalli, further aggravating pollution concerns. Residents have urged the Forest Department, MCC and MDA to conduct a detailed investigation and take immediate steps to prevent further damage to the lake.

Last week, Chamundeshwari MLA G.T. Devegowda was apprised of the issue by residents during a meeting. The MLA said he had raised the matter with MCC and MDA officials several times, but said that lack of funds and initiative had delayed the implementation of STPs to treat sewage before it enters the lake.

He also said the issue had been brought to the notice of the Deputy Commissioner earlier, but no significant action had followed.

Five Ward Committees in MCC Zone 4 on pilot basis

MCC Administrator Nitesh Patil flanked by MGP's S.K. Dinesh and D.V. Dayanand Sagar during the meeting in city yesterday.

Mysuru, June 12 (VVH&BCT)- In a move aimed at strengthening grassroots governance and increasing citizen participation, Regional Commissioner and Mysuru City Corporation (MCC) Administrator Nitesh Patil has announced that five Ward Committees, including one in Yadavagiri, will be formed on a pilot basis. He announced this at the monthly meeting of Mysore Grahakara Parishat (MGP) at its office in Yadavagiri yesterday.

Patil said Ward Committees are crucial for neighbourhood-level development and are mandated under the 74th Constitutional Amendment. He noted that despite directions from the High Court, the MCC had not taken adequate steps to constitute the Committees.

Responding to MGP's request, Patil said five Committees would be established in MCC Zone 4 with MGP's co-operation.

Each Committee will have a minimum of 10 members, excluding those with political affiliations and will include representation from women and members of Scheduled Castes and Scheduled Tribes. A notification in this regard will be issued shortly and further discussions will be held at the next meeting to expedite the process.

MGP urged the MCC to focus on developing parks and work towards making Mysuru a "Park City." They sought action against encroachments, improvements to infrastructure, and greater involvement of volunteers in maintaining city's 35 parks.

Greater Mysuru Master Plan

MGP Founder Bhamy V. Shenoy proposed the preparation of a 'Greater Mysuru Master Plan' and the formation of a 'Mysuru Vision Group' comprising experts to protect the city's heritage and cultural identity.

Responding to the suggestion, Patil said such a group could be considered only after Greater Mysuru notification is issued.

He suggested that MGP members take up the matter with Urban Development Minister Dr. Yathindra Siddaramaiah.

Shenoy also criticised the MCC for failing to clear footpaths for public use despite Supreme Court directives. He said he would accompany MGP members during inspections with district and Police officials.

The meeting also witnessed discussions on the city's drainage issues. MGP members pointed out sewage overflow on roads in several areas.

Patil explained that the underground drainage network, constructed 30 to 40 years ago using smaller pipelines, now requires complete replacement at an estimated cost of Rs. 1,500 crore. As an immediate measure, Rs. 50 crore has been allocated, with 130 works in progress and detailed project reports prepared for 10 new sewage treatment plants.

On water supply, Patil said Mysuru requires 350 MLD of water daily, of which only 150 MLD is currently treated. Another 170 MLD remains untreated due to limited treatment capacity.

MCC Superintending Engineer Manju, Zone 4 Commissioner Mahesh Jigani and MGP members S.K. Dinesh, D.V. Dayanand Sagar, Ravichandran Bekal, Malavika Gubbivani, Shankar, Ashok, Rakesh and Shwetha Madappadi were present at the meeting.

Legislature panel visits K.R. Hospital

Mysuru, June 12- Continuing its camp in the city for the second day, the Karnataka Legislature's Sub-ordinate Legislation Committee visited K.R. Hospital on Thursday and reviewed its infrastructure, patient care facilities and service delivery.

During the inspection, the Committee members visited the Emergency Ward, Out-Patient Registration Centre, Drug Stores, Kitchen, Surgical Department and Psychiatry Unit. Issuing a series of directions to improve services and address shortcomings, the members instructed the Hospital authorities to maintain better cleanliness standards and rectify deficiencies that they noticed in certain sections.

Committee Chairman S.R. Srinivas said the Hospital could consider revising its registration fee to generate additional revenues for infrastructure development. He promised that the Committee would recommend Government funding if the Hospital submitted a detailed list of infrastructure requirements.

MLC and Committee Member K. Shivakumar expressed concern over reports that the patients, most of whom are from rural areas, were being referred to private facilities for diagnostic scans and medicines, which had resulted an additional financial burden on them.

"All facilities available in the Hospital must be provided to patients," he said, adding he would provide a state-of-the-art ambulance to K.R. Hospital from his development funds.

MLC and Committee Member Sharavana said the Hospital should strive for providing healthcare services comparable to those offered by the renowned Jayadeva Institute.

MMC&RI Dean and Director Dr. K.R. Dakshayani, K.R. Hospital Medical Superintendent Dr. H.P. Shobha and others were present.

Inter-School and Junior College Staff Tournament from June 13

Mysuru, June 12- Pramati Hillview Academy has organised Inter-School and Junior College Staff Sports Tournament on June 13 and 14 at Mysore University Sports Pavilion.

The tournament to be inaugurated by cricketer L.R. Chethan will feature Pramati Cricket Cup for male staff and Pramati Throwball Cup for female staff.

Additionally, standout individual performers will be recognised with 'Player of the Match' and 'Best Player of the Tournament' trophies.

Heavy rains expose EVIL DEED as foetus washes up a drain

The dead foetus was found at circled spot on Bada Makan Main Road in NR Police limits.

Mysuru, June 12 (PM&KS)- A week after South West Monsoon entered the State, scattered heavy rains was received in the city yesterday evening.

The downpour brought some respite from scorching heat but it also exposed an evil deed.

The heavy downpour brought along with it gush of water pressure into the drain systems in city and a four-month-old female foetus was pushed out of an overflowing drain and was found on Bada Makan Main Road in city last night.

Residents of the area, who saw the foetus, panicked and immediately informed the jurisdictional Narasimharaja (NR) Police. The Police rushed to the spot and shifted the foetus to MMC&RI (Mysore Medical College and Research Institute) mortuary for post-mortem.

The Police suspect that the foetus may have been dumped following a miscarriage or disposed in the drain after an illegal abortion. They said that the real fact would be known only after receiving the post-mortem report and added that the foetus was likely disposed in the drain about five days ago. N.R. Police have registered a case in this regard.

RAINFALL YESTERDAY

While a few localities received heavy rainfall yesterday, the intensity was mild in other areas across the city. According to Karnataka State Natural Disaster Monitoring Centre (KSNDMC) in the last 24 hours, Mysuru city has received 31 mm to 41 mm of rainfall. Other places around the city like Siddalingapura received 49 mm rain, Rammanhalli 41 mm, Alanahalli 31 mm and Hanchya 28.5 mm rainfall.

Heavy rains also lashed Bogadi, Ramakrishnanagar, Hebbal and surrounding areas. Rain water flooded the roads around K.R. Circle and Chamaraja Circle. In Metagalli, huge tree branches fell across the roads which were cleared by MCC's Abhaya team.

Ensure financial fraudsters do not escape law: KPA Director

KPA Deputy Director S.L. Chennabasavanna addressing the trainees at a workshop on the detection of economic and financial frauds as KPA Director Dr. N. Vishnuvardhana and others look on.

Mysuru, June 12 (MTY&BCT)- Karnataka Police Academy (KPA) Director Dr. N. Vishnuvardhana has called upon investigating officers to conduct thorough and precise inquiries into financial crimes to ensure that fraudsters do not escape legal action.

Addressing a three-day training workshop on the detection of economic and financial frauds organised at the KPA for Police officers from across Karnataka, Dr. Vishnuvardhana said investigators must have a clear understanding of procedures involved in registering cases and carrying out investigations.

A total of 31 Police Officers, including three DySPs, four Inspectors and 24 Sub-Inspectors from different parts of Karnataka, are participating in the workshop.

"It is the responsibility of investigating officers to ensure that offenders are not let off under any circumstances. They must be well-versed with the procedures for filing cases and conducting investigations," he said.

The workshop aims to enhance the investigative skills of officers dealing with financial fraud cases. Experts from various fields will provide insights into investigation methods, legal procedures and other important aspects related to economic offences.

He urged officers to discuss challenges faced while handling financial fraud cases at their respective stations and seek solutions from the resource persons.

"The knowledge gained here should also be shared with colleagues in your jurisdiction," he advised. The sessions focus on key aspects such as registering FIRs, conducting inquiries, investigation procedures, filing charge sheets and precautions to be followed while dealing with financial crimes. KPA Deputy Director S.L. Chennabasavanna and other officials were present.

Gruha Lakshmi Scheme: 8,000 dead yet... earning!

(Continued from page 1)

Review of beneficiaries

Deputy Director of the Women and Child Development Department, Mysuru, Nagaraju, told *Star of Mysore* that a comprehensive review of beneficiaries was conducted to identify ineligible beneficiaries.

Of these, 8,000 were confirmed to be deceased. As the amount had been credited to their bank accounts, about Rs. 60 lakh was recovered through banks and transferred back to the Government.

After the Government came to know that deceased beneficiaries, Goods and Services Tax (GST) payers and fake beneficiaries were receiving the assistance, Deputy Directors of all districts were instructed to identify ineligible beneficiaries. Following a two-level scrutiny process, a total of 13,000 beneficiaries were found to be ineligible.

Apart from Mysuru, the number of deceased beneficiaries in neighbouring districts was also significant. Chamarajanagar reported 4,739 deceased beneficiaries, Kodagu 2,193, Mandya 9,168 and Hassan 8,033.

Biometric data

To prevent recurrence of irregularities in the implementation of the scheme, it has now been made mandatory to collect biometric details of every beneficiary.

In a humane gesture, the State Government is considering extending 'Gruha Lakshmi' benefit to either the daughter-in-law or daughter if the mother-in-law or mother in a family dies. The Death Certificate of deceased beneficiary must be submitted to authorities.

Don't use 'Gruha Lakshmi' aid for loan recovery, banks told

Mysuru, June 12 (PM&BS)- Mysuru City Corporation (MCC) Guarantee Schemes Implementation Committee Chairperson Pushpavalli has instructed banks not to force beneficiaries to adjust the financial assistance received under the Gruha Lakshmi scheme towards loan arrears or interest payments.

Chairing a meeting of the MCC Guarantee Schemes Implementation Committee at the MCC main office on New Sayyaji Rao Road yesterday, Pushpavalli, a former Deputy Mayor, said she had received complaints from two beneficiaries regarding such practices.

She said one beneficiary had even changed the bank account linked to the scheme to prevent the assistance amount from being adjusted towards loan repayment or interest. There could be more such instances, she said, adding that the Committee would take appropriate action if beneficiaries submitted complaints.

"Irrespective of the loan amount, banks have no provision to adjust the assistance amount without the consent of beneficiaries. The Government has also issued clear directions in this regard. If banks continue to act unilaterally, a recommendation will be made to the Government to initiate suitable action," Pushpavalli said.

Rs. 27.67 crore disbursed

Child Development Planning Officer (CDPO) Abhikumar said that if a beneficiary dies, another elderly woman member from the same family is eligible to apply for the scheme.

In Mysuru city alone, financial assistance of Rs. 27.67 crore is being provided to 1.38 lakh (1,38,355) beneficiaries.

Rs. 15.93 crore under Yuva Nidhi

Employment Officer of the Industrial Training and Employment Department Mohammed Akbar said 6,707 candidates in Mysuru taluk have enrolled under the Yuva Nidhi scheme.

Of them, 5,743 candidates are receiving financial assistance, while applications of remaining 964 candidates are under process. Till January 2026, Rs. 15.93 crore has been released under scheme in Mysuru taluk.

PUBLIC NOTICE

Notice is hereby issued to the general public that **M. Prabhakara @ P. M. Prabhakara** S/o. P. Mahalinga Bhat, residing at: No. 3-3-245-/3, Sri Raksha Museum, 1st Cross Road, Near Church Complex, Mangalore, Dakshina Kannada-575004, has agreed to sell the SCHEDULE PROPERTY to my client, representing that he is the absolute owner of the same.

Any person/s asserting any right, title, charge, lien, claim or any interest whatsoever on the SCHEDULE PROPERTY or any part thereof, is hereby required to communicate the same in writing to the undersigned, along with documentary evidence, within Seven **(07) days** from the date of this Public Notice, failing which the transaction with respect of the SCHEDULE PROPERTY will be completed on the basis that there are no claims of whatsoever nature with respect of the SCHEDULE PROPERTY. Any claims received thereafter shall not be binding on my client.

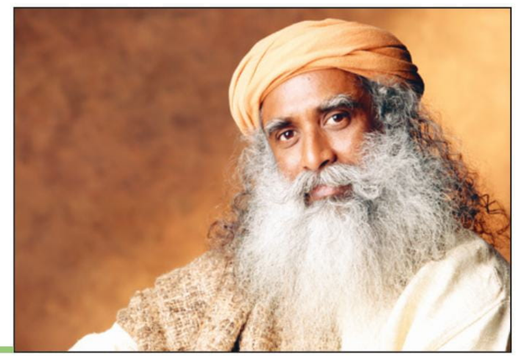
MYSTIC'S MUSINGS

By Sadhguru - Founder, Isha Foundation



How Hatha Yoga can help your mind

Isha Hatha Yoga

In this series, Sadhguru discusses various aspects that can significantly impact the quality of your yogic practice and our life.

Part 14: How Hatha Yoga Can Help Your Mind

Questioner: I have a hard time memorising. Being receptive to oral transmission is very challenging for me. Could you say something on this?

Sadhguru: Everything that you see, hear, smell, taste and touch is recorded. There is no recording problem. Let's say I abuse you badly right now, you will remember it for all your life. You have great memory. You just remember bad words — that's all. The problem is only your inability to bring back certain parts of your memory when you need them. You are not able to pick out what you want. This is just a question of clarity, not of memory. If we say a phone has low memory, it means it has a limited capacity to record. On the other hand, if I press "2" and it shows "5," the issue is not bad memory but a bad keyboard. Your issue is also a question of "bad keyboard." There is no need to fix the memory — everything you experience is recorded. You are not able to retrieve the right information — that is the entire problem.

We have to work on clarity. What is it that gives us clarity of mind? A simple thing you can do to improve clarity is to handle everything you do with a certain precision. **Hatha Yoga** is all about precision — how your feet should be positioned, where your hands should be, how you should hold your head, how you move, how you place the things that you brought with you and so on. If you bring precision into your activity, there will be precision in your mind. You need to practice precision in every aspect of your life. How your room should be, how you go to bed — everything. Bring the meticulousness that you apply when doing an asana into your life. You will see, slowly, the mind will become very clear. It will become meticulous with everything.

From this moment, a simple practice that you can do is when you stand up, when you sit down, when you walk, whatever you do, do it with precision and attention. Consciously register everything that is around. For example, there are five columns here, one vessel, one big rock, one pond, another four columns, one door. How tall? Looks like twelve feet. Just practice this with everything. How many steps from here to there? Don't count "one, two..." — start walking and notice "Okay, I think that's three," another three and another three. After a few days, do intervals of four, five or eleven — without thinking, you must slowly know when you have walked twelve steps. This is yoga. This effect will happen over a period of time by itself.

The precision that you try to bring to your body, bring it to your mind too. Let the mind imitate the body. You will see, clarity will naturally come.

Mega Tree Plantation Drive at CSRTI

Mysuru, June 12- Former Minister S.A. Ramdas has said that Environment Day should be meaningfully celebrated by adopting one sapling each and also nurturing the plants.

He was addressing the gathering at the inauguration of a Mega Plantation Drive held recently as part of World Environment Day by Central Sericultural Research and Training Institute (CSRTI), Mysuru.

The tree planting should not be confined to Environment Day celebration, but should be a daily practice, the gift one can give to the nature, he observed.

A scientist named Jagadish Chandra Bose had observed that even plants have life and breath, communicate in their own language and develop friendship, which many didn't believe in those days. Now, everyone is studying in detail about plants. If the air and water is maintained in a hygienic way, good health can be maintained, said Ramdas.

CSRTI Director Dr. P. Deepa said expanding green cover is no longer an option, but an absolute necessity to mitigate severe global impact of environmental pollutants. She called for collective and sustained action to restore ecosystem balance.

K. Paramesh, Deputy Conservator of Forests (DCF), Mysuru Division, provided a deep scientific perspective on the indispensable role of trees. He explained how dense vegetation builds environmental resistance against climate extremes and serves as the backbone for vital ecological cycles, including water and carbon cycles.

Ayurveda Official Dr. Sudha, highlighting the holistic connection between nature and health, shed light on how increasing green cover directly rejuvenates soil health and acts as a natural buffer against global warming, ultimately securing human well-being.

Research Analyst Dr. Punith, lauding the strategic execution of the Mega Plantation Drive, reinforced the message of post-plantation care, stressing that data-driven conservation and dedicated maintenance are key to maximising the survival rate of the saplings.

Earlier saplings such as *Mahogany, Arali* (Nerium), *Nerale* (Jamun), *Kahi Bevu* (Neem), *Aththi* (Ficus), *Honne* (Indian Kino), *Beete* (Rosewood), *Maavu* (Mango), *Honge* (Beech Tree), *Shivane* (White Teak), *Tapasi* (Jungle Cork), *Hole Matthi* (Arjuna), *Kadu Badami* (Indian Almond), *Aala* (Banyan), *Dasavala* (Hibiscus) and others, were planted at the premises of CSRTI.

Nitya Yoga: Union AYUSH Ministry's daily session

Mysuru, June 12 (MTY&BS)- To commemorate International Day of Yoga, Union Ministry of AYUSH has organised *Nitya Yoga* programme to encourage the practice of *Yogasana* on a daily basis among people from this year and the District AYUSH Officers have been instructed to implement the programme.

Preparations are on for the celebration of Yoga Day on June 21 and the AYUSH Department has plans to organise month-long Yoga sessions.

The Union Ministry of AYUSH has devised *Nitya Yoga* on the lines of 'Yoga Bharat-365' programme conceived in Koppal District of the State. The AYUSH doctors will be organising Yoga classes daily, in coordination with local Yoga teachers and the teachers at Ayushman Arogya Mandir, through various digital platforms including Google meet and Zoom.

District AYUSH Officer Dr. Renukadevi said, the Statewide *Nitya Yoga* programme will be held from June 22, 2026 to July 21, 2027.

Every District Committee will supervise the seven-day session on shift basis covering all the districts. The classes will be conducted for one-hour from 5.30 am to 6.30 am, including 45 minutes for Yoga practice and 15 minutes for a lecture related to health from expert doctors.

The District-level four-member committee headed by AYSUH Officer has been constituted with instructions to give priority to those doctors practicing Yoga and Naturopathy in respective districts to on board them as Committee Members.

Union AYUSH Ministry has decided to reward those districts with a Special Award for organising the programme in an appreciable manner.

After years of delays, Kodagu DC Office retaining wall ready

A file photo of Kodagu Deputy Commissioner's (DC) Office retaining wall slabs giving way unable to withstand seepage during monsoon. Picture right shows an aerial view of the restored retaining wall of the DC Office Complex in Madikeri.

Madikeri, June 12 (AG&BCT)- The long-delayed reconstruction of the protective retaining wall in front of the Deputy Commissioner's Office Complex in Madikeri has finally been completed.

Situated on a steep slope along the Madikeri-Mangaluru Road, the DC Office Complex had come under threat following a series of landslides triggered by heavy rainfall between 2018 and 2020.

The damage raised fears over the safety of the structure and prompted the Government to take up the retaining wall project.

Initially awarded for Rs. 7 crore, the project eventually cost Rs. 7.53 crore following time extensions and revised valuations, bringing the total to Rs. 53 lakh.

Work began in 2021 with a stipulated completion period of 24 months. However, heavy rains in 2022 caused deep cracks and bulging in sections of the newly constructed retaining wall, raising questions about its structural integrity.

Following an inspection by an expert committee in August 2022, authorities ordered a complete redesign and reconstruction of the structure.

As a result, the contractor had to dismantle the damaged retaining wall, strengthen the foundation and rebuild the structure from scratch. The reconstruction and associated engineering works continued until 2025.

To improve durability and prevent future damage, areas above the retaining wall that are vulnerable to water seepage have been sealed with cement plastering and other protective measures.

D.M. Girish, Assistant Executive Engineer, Public Works Department (PWD), Madikeri, said the project has now been fully completed.

"The physical work has been completed. The completion certificate is in process and only the final bill remains to be cleared. As per norms, the contractor will be responsible for maintaining the structure for one year from the date of issue of the completion certificate," he said.

The project was executed by Ayyappa Constructions. Shivakumar, an engineer representing the firm, said all rectification works had been carried out and the structure had been monitored closely over the past year.

"We completed the major rectification works in 2025 and have observed the structure's performance since then. While our contractual obligations have largely been fulfilled and the billing process is underway, we are carrying out additional precautionary works at our own cost," he said.

As part of these measures, workers are plastering vulnerable slope sections below the road adjoining the DC Office. According to the contractor, strengthening these areas is essential as soil erosion or water seepage in the lower slope could affect the retaining wall in the long run.

Monsoon preparedness in Kodagu

30-member NDRF team, sniffer dog deployed

Madikeri, June 12 (PS&BCT)- As the monsoon intensifies across Kodagu district, a 30-member National Disaster Response Force (NDRF) team has arrived to assist with precautionary and emergency preparedness measures.

The Rapid Response Team from the 10th Battalion, headquartered in Vijayawada, Andhra Pradesh, is currently stationed at the Cooperative Department Training Institute near the Muthappa Temple in Madikeri.

Led by Inspector Rambhaj, the team has already held discussions with the District Administration to identify vulnerable zones prone to landslides, floods and road blockages.

"The public need not fear the monsoon. We are here to ensure safety and swift response," he said. While 30 personnel have been deployed initially, officials said additional reinforcements will be mobilised if required. The unit will remain in Kodagu through June, until monsoon conditions ease.

Arriving in two trucks, the team has brought along a wide range of rescue equipment, including signal units, satellite phones, life jackets, motorboats, rafts, chainsaws, ropes, searchlights, hydraulic cutters for collapsed structures, oxygen cylinders, stretchers, generators and essential life-saving medicines.

The personnel are trained to handle floods, landslides and other natural disasters, with focus on human and livestock rescue.

Dog squad for first time

For the first time, the team includes a trained rescue dog named 'Honey', an eight-year-old German Shepherd.

'Honey' has been specially trained to detect trapped persons under debris by sensing heartbeats and smell. Accompanied by two handlers, the dog is expected to play a key role in search-and-rescue operations and will serve until 2027, as per service norms.

Inspector Rambhaj said the team will carry out field inspections in vulnerable areas and also visit schools and colleges to create awareness on safety precautions during the monsoon. He recalled that the same battalion had been deployed during the 2025 Wayanad disaster in Kerala and assured that the team is fully prepared to respond to any emergency.

WORD OF THE DAY

Crux

Pronunciation: KRUKS (noun).
Meaning: Crux refers to the most important part of something (such as a problem, issue, or puzzle). It is often used in the phrase "the crux of."
Origin: Latin speakers used crux to refer literally to an instrument of torture, often a cross or stake and figuratively to the torture and misery inflicted by means of such an instrument. When English speakers adopted crux in the early 18th century, they used it to mean "a puzzling or difficult problem." In the late 19th century, crux developed a more specific use referring to an essential point of a legal case that required resolution before the case as a whole could be resolved. Today, the verdict on crux is that it can be used to refer to any important part of a problem or argument, inside or outside of the courtroom.
Example: "The new trees number in the thousands. ... What will become of this nursery in the wild in the next hundred years, or thousand, is the crux of a scientific and policy dispute. Starkly different visions of how the grove will recover in the long run have implications on how forest managers should act today." — Doug Smith, The Los Angeles Times, 15 Mar. 2026.

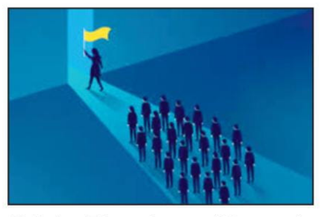
THE ODD WORD

Calumet

Ornamented ceremonial pipe.

PHRASE OF THE DAY

Carry the world before you



Meaning: This phrase suggests moving forward with confidence, ambition and success, as if leading or commanding all before you with your presence and actions. It implies a sense of conquering obstacles, leading with determination and inspiring awe or respect through one's achievements or demeanour.
Origin: The phrase "Carry the world before you" is not widely recognised as a common idiom or proverb from a specific source. Its origins are unclear, but it reflects broader English language's tendency to use grandiose or vivid imagery to convey concepts of success & dominance. Without a specific literary or historical origin, it's best understood in the context of motivational language that encourages boldness & a proactive approach to life's challenges.
Example: "With your talent and perseverance, you can carry the world before you, achieving whatever you set your mind to."

QUOTE BOX

Education is the most powerful weapon which you can use to change the world.—**Nelson Mandela**

RIDDLE THIS

Solve the rebus:

LUNCH LUNCH LUNCH
LUNCH LUNCH LUNCH
LUNCH LUNCH LUNCH

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

Sandal Urus
Salmaniya in city on June 14

Mysuru, June 12 (KS) - The office-bearers of Astanna-e-Salmaniya Dargha Committee at Bada Makan, near Tipu Circle, have organised the 22nd Sandal Urus Shariff of Sufi Saint Hazarath Moulana Hafiz Qari Sufi Al-Sha Mohd. Salman Misbahi Chishti-ul-Khadree, Founder of Darul Uloom Azeezia at Mamballi in Yalandur Taluk on June 14 at 5 pm in Azeezia Office on K.R. Park Road in Lashkar Mohalla here.

Verses from the Holy Quran will be read followed by Mehfil Zikro Azkar Majlees, Fatha Khawni, Darud Salam and emotional Duwa. After Maghrib prayers, a procession will be taken out along with Ulmas, Fukras, Jamath, Darvesh, Sufizam and students and staff of Darul Uloom Azeezia Arabic College, Mamballi to reach Astane Salmaniya (Shrine), where Fatha Khawni, Darud Salam and emotional Duwa will be performed.

Mass feeding has been arranged for the participants. From 8 pm to 10 pm, Azmath-e-Aowliya lecture programme will be held under the Chairmanship of Sir Qazi of Mysuru Hazarath Moulana Mohammed Usman Shariff.

Hazarath Alama Mufti Mohd. Maazama Noorie, Shaik-ul-Hadees, Jamiya Bilal, Bengaluru and Hazarath Alama Moulana Hafiz Qari Mohd. Asgar Ali, Khateeb-o-Imam of Jamiya Masjid at Ramanagar will be the main speakers.
